## THE GAME

GANGSTER CASH is a video slot game, controlled by random numbers with five rotating reels and 10 possible pay lines. Each of the 5 reels is marked with symbols and each time a play is made, the five reels stop at random. In the play window a selection of a total of 15 symbols is then shown (3 symbols per reel). The amount you win depends on certain symbol combinations and the amount you bid.

Can be played either with the mechanical buttons or with the buttons on the touch screen (if available), or a combination of both.
